Make an Origami Pallas Cat!

You will need: 1 or 2 square sheets of paper, something to color or draw with

Hint: if you can’t figure out a fold, look at the next step to see how it’s supposed to look!

1. Fold in half.
2. Fold corners down.
3. Fold corners outward to make the ears.
4. Fold down top corner and fold down the points of the ears. (Pallas Cats have round ears after all!)
5. Flip over.
6. Fold bottom corner. Tuck it inside the head. Repeat behind.
7. Decorate!

@pallascatbooks
8. Now let's make the body. Use your other square paper. Fold in half, then unfold.

9. Fold edges so they meet on the crease in the middle (like a paper airplane)

10. Fold in half on the crease.

11. Fold over the tail.

12. Decorate!

Put the head on the body. Now you've got your own paper Pallas Cat!

Draw a Pallas Cat Face!
